The Hawaiian Consulate

— IN —

San Francisco.

The reports which we receive in regard to the manner in which the Hawaiian Consulate in San Francisco is conducted are not pleasant to peruse nor favorable to the dignity of the Hawaiian government officially represented there. Mr. Wilder whom the government saw fit to appoint to that important office in spite of his youth and inexperience appears to use the office as a reception room for young fellows who without any regard to people doing business there indulge in political discussions and the most insulting comments on Cleveland and his administration.

These expressions against the head of the government to which the Consul-General is accredited have been carried from his office to outsiders and have created considerable amazement and indignation. As long as the representative confines himself to paying newspapers for publishing his biography and pictures nobody has anything to complain of, but it is hardly proper or conducive to the advantage of Hawaii to encourage or tolerate officials in the diplomatic or consular services vilifying the head of a—so far at least—friendly power. In connection herewith, we are informed that the banks in San Francisco were unwilling to cash a consular check on the P. G. "under the present circumstances and outlook." If that is so the banks evidently are not going to join P. C. Jones in his impeaching of President Cleveland and support of the P. G.

If you give a friend a cock-tail or a glass of beer in your house on Sunday you are liable to be arrested. An instance of that nature happened yesterday.

THE MINSTRELS.

The Best Show Ever Seen Here

The Boys Play for a Crowded House And Make a Big Hit.

The show presented by a company of local amateurs last Saturday at the Opera House, fully came up to the high expectations with which it has been looked forward to. The Opera House was crowded from the gallery to the pit, and the audience enjoyed themselves thoroughly.

The programme was as follows:

CONVERSATIONALIST: A E Marphy.
 BONES: TAMBOS:
 W H Charlock. W B Ash.
 Geo Ritman. C A Doyle.

PART I.

1. "Ask of the Man in the Moon"—Mr Geo Ritman.
2. "Sweet Nellie Bawn"—Mr C H Good.
3. "The Cat Came Back"—Mr W B Ash.
4. "Molly and I and the Baby"—Mr Cuelho.
5. "Hear Dem Bells"—W H Charlock.
6. "Hearts"—Mr W Hoogs.
7. "There are Moments When One Wants to be Alone"—Mr C A Doyle.
8. Finale—"Tramway vs. Bus."

INTERMISSION.

Selection—Orchestra under Prof. Berger.

PART II.

1. Musical Sketch—Messrs W B Ash and U J Ordway.
2. The Only Ritman and His Banjo.
3. After Piece: "Past and Present in Honolulu"—The Full Company.

Every number was excellent, and all the boys covered themselves with glory. The afterpiece was extremely amusing and brought the house down. There were many excellent local hits and some very good taking off of some of our citizens. As there are hopes that the performance will be repeated shortly, we shall simply suggest to all our readers to make sure to be there and see for themselves.

The HOLOMUA will not be issued to-morrow it being Hawaiian Independence day, the day that ought to be respected by all loyal Hawaiians.

The Japanese man-of-war which left Yokohama on the 16th inst. may be looked for to day or to-morrow. It is expected that it is the Naniwa, the fine vessel which was here in the beginning of the year.

If you are a Portuguese, go to the Metropolitan Meat Market, and say "Company C", you will then get ten pounds of fresh meat. Some of the stockholders, would like to know who pays for it. Such is the report.

Everybody thought that it was Blight commissioner Marsden who appeared on the stage last Saturday at the show. He was seen to leave his seat in the audience just before the afterpiece started and when something looking very much like him was seen on the stage, he was greeted with great outbursts of merriment and enthusiasm.

LOCAL NEWS.

I'm the Marshal's pet.

The Club scene was excellent.

Band concert at Emma Square this evening.

As we go to press, the P. M. S. S. China is reported.

Dedication services at the new Masonic Temple, this evening.

In naval circles it is expected that the U. S. S. Mohican and Ranger are on their way to Honolulu.

"Liberty" or "Death," but liberty is preferred; we don't doubt that you do.

The steamers Mikahala, Iwalani and Claudine are up to leave for their ports to-morrow.

The Bus meandered its way to the cemetery empty, while the tram cars did a rushing business.

Mr. Doyle entertained the minstrel-company at his house last Saturday night "after the show was over."

The usual reception was held on board the U. S. F. S. Philadelphia last Saturday and was largely attended.

How is that arsenal on the side of Punchbowl getting on? Are the gatling guns hidden there, in order?

The HOLOMUA received a visit from Mr. Irvine a representative of the S. F. Examiner, this morning.

An "alien" of six months residence, had the gall to get up and address the 700 persons the other evening. What cheek!

Wonder how the P. G.'s and annexationists who were at the minstrel show last Saturday evening, enjoyed the "gags." They were good.

P. C. Jones can rest assured that "God Almighty" is not with them. Current events show very plainly that he is on the side of the "Loyalists."

The Tiser's editor writes this morning as if he was not very well, or was cross about something. What's the matter old man?

"How do you feel?" asked the conversationalist at the Minstrel Show on Saturday of the endman. "I feel like Doctor Rodgers, in his new uniform." "Why?" "Because I am all out of shape."

It is reported, that a communication was sent to Minister Willis by the Provisional Government on Saturday afternoon. What was the nature of it!

The Loyal subjects of Hawaii are perfectly willing "to be ruled FOREVER by a woman like LILIUOKALANI." The Tiser's sarcasm is rather out of place, and sounds very much like an "angry man's" parting word.

Where did that ammunition go to last Saturday night which was carted out of the Palace under the supervision of one of the military commanders? Are they now hiding the rifles for future use? Rest easy, they will be found.

Commissioner Blount's Report.

May Be Made Public.

Chicago, Nov. 14.—A Washington special to a local paper says: The Cabinet is considering the advisability of giving Commissioner Blount's report to the press. Yesterday it was thought best to say nothing more officially about the Hawaiian sensation till the next steamer arrived from Honolulu, but in view of the public clamor for evidence of the truth of the assertions made by Secretary Gresham there is a belief that it may be wise to satisfy the clamor.

If the Cabinet decide in favor of another official utterance, an abstract will be made of the evidence gathered by Blount, together with his report or part of it, and it will be given out.

Blount's evidence covers about 5000 pages of type-written matter. The testimony was taken in shorthand and verified. A very large number of people were examined. They comprised pretty nearly every prominent person on the islands, from the Queen down, including royalists and annexationists.

The trend of the testimony is all one way, to wit: The Queen would not have been overthrown but for the intervention of the American Minister.

The evidence contains the original letters of Stevens and Dole. Dole's letter is particularly interesting. It shows by the date and text that it was written and sent to Stevens before the Provisional Government had read its proclamation. In it Dole says he lacks control of several important buildings and asks that an American naval officer, with marines, be placed in charge of the provisional troops.

There is also Stevens' original letter asking for the use of the hall in which to house the troops, and there is also Stevens' letter recognizing the Provisional Government before it was a Government de facto.

Stevens claims that the troops were landed to protect American interests. If so, one might suppose he would have stationed the troops near American interests. The map of the city shows that the American troops were so placed that were the Queen's troops to fire on the provisional troops they would have to fire over the heads of the United States troops and be apt to hit them.

The story about Dole giving Willis his passports was received this morning.

A retired naval officer said, that in such an event, the American Admiral would not recognize Willis, for upon receiving his passports Willis would cease to be Minister and would be simply a private citizen.

This, it is asserted, has been provided against. Willis would not take his passports if offered to him. Even if he should, he would still be the special agent of the Government.

He has his commission in his pocket. He has also an order to the American naval officer at Hawaii instructing him to obey Willis in everything and under any circumstances.

Willis will call on the Queen

as well as on Dole, and he has probably already done so.

There is talk about his having credentials to both Dole and the Queen. The talk has no foundation in fact. His credentials accredit him to the Government of Hawaii, and that Government by this time is, in the opinion of Cleveland, presided over by Queen Liliuokalani.

Rumors that we were going to be blessed with a Republic to-day that the troops were to be called out, and that Minister Willis will be presented with his passport were numerous this morning. As we go to press none of them have materialized.

The general and only expression in the city this morning was "that the meeting and the sentiments there voiced, was a direct insult to President Cleveland and his administration; to the American nation; and to the Representative of the United States of America to Hawaii."

To-morrow is Independence Day, being the fiftieth anniversary of the formal recognition of the Independence of Hawaii. The day has heretofore been celebrated as a public holiday, but we hardly suppose that the present government "consistently" can rejoice over the reminiscence of that occasion. They are hardly in a mood to rejoice over anything just at present.

The following persons arrived in the city yesterday. From Maui—C Boite, S Louison, A Buchholtz, C E Coe, J U Ioseda, W H Cornwell, Miss Widdifield, Jno Richardson, R Von Tempisky, H Center, Theo Wolff, J L Dumas, L Friedlander, Mrs Peterson, F G Correa, and Bro Bertram. From Kauai—A Drier, Dr J K Smith, Miss Juliette Smith, Mr Markes, Rev H Isenberg and wife, Miss Bompke, Miss Auhager, J Kesoni, and G Makagao.

The Tiser says this morning, that there were 1200 people present at the indignation meeting last Saturday evening. The Tiser man must have seen double. It is stated on good authority that there were not over 700 persons present at any one time by actual count; of whom 200 or more were members of W. G. Smith's "latin race with a record," about four hundred members of the P. G. military and annexation gangs, and the rest curiosity seekers.
